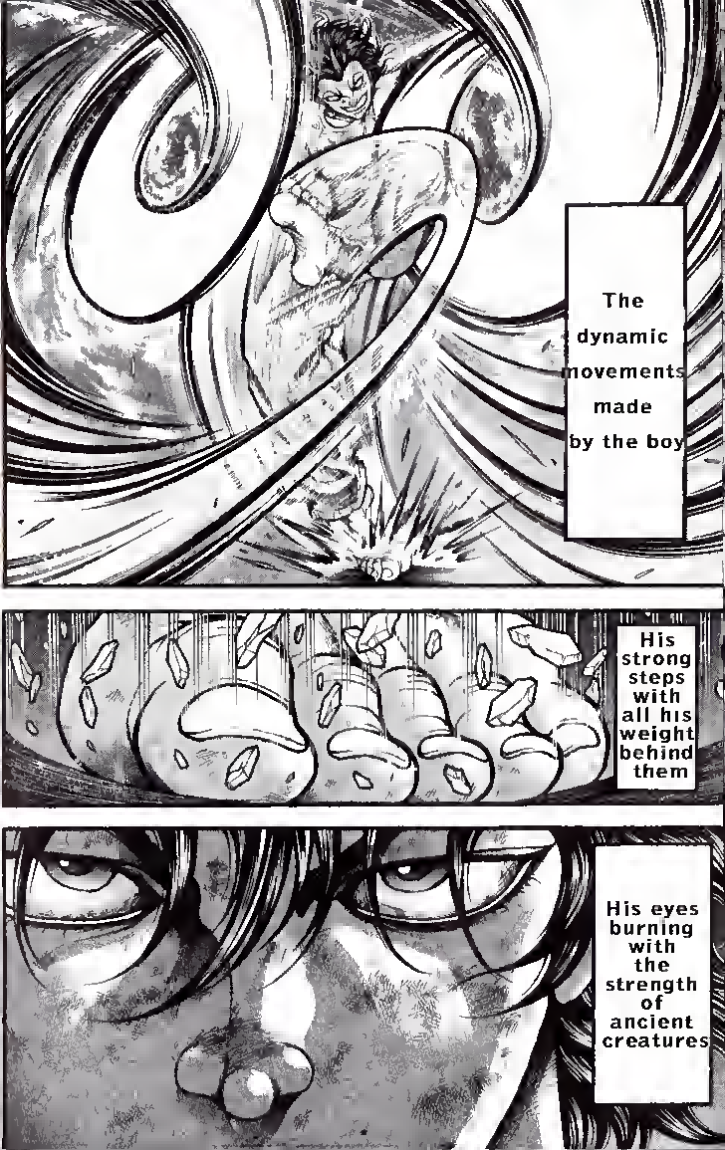
How does it feel.....?
Father.....

I should not have been playing around with you
Hanma Yuujiro
I brought this for you
from a long long time ago

The T-Rex's Rival
The trIceratopsIII

ピタッ!!
ピタッ!!
We can all see the invisible wall
The surface created by pantomimes
We can all see how heavy it is



The dynamic movements made by the boy
His strong steps with all his weight behind them
His eyes burning with the strength of ancient creatures

Today, all those things
happened right here

The details shown with this form
The weight you added to this form
The horn made for killing you added to this form

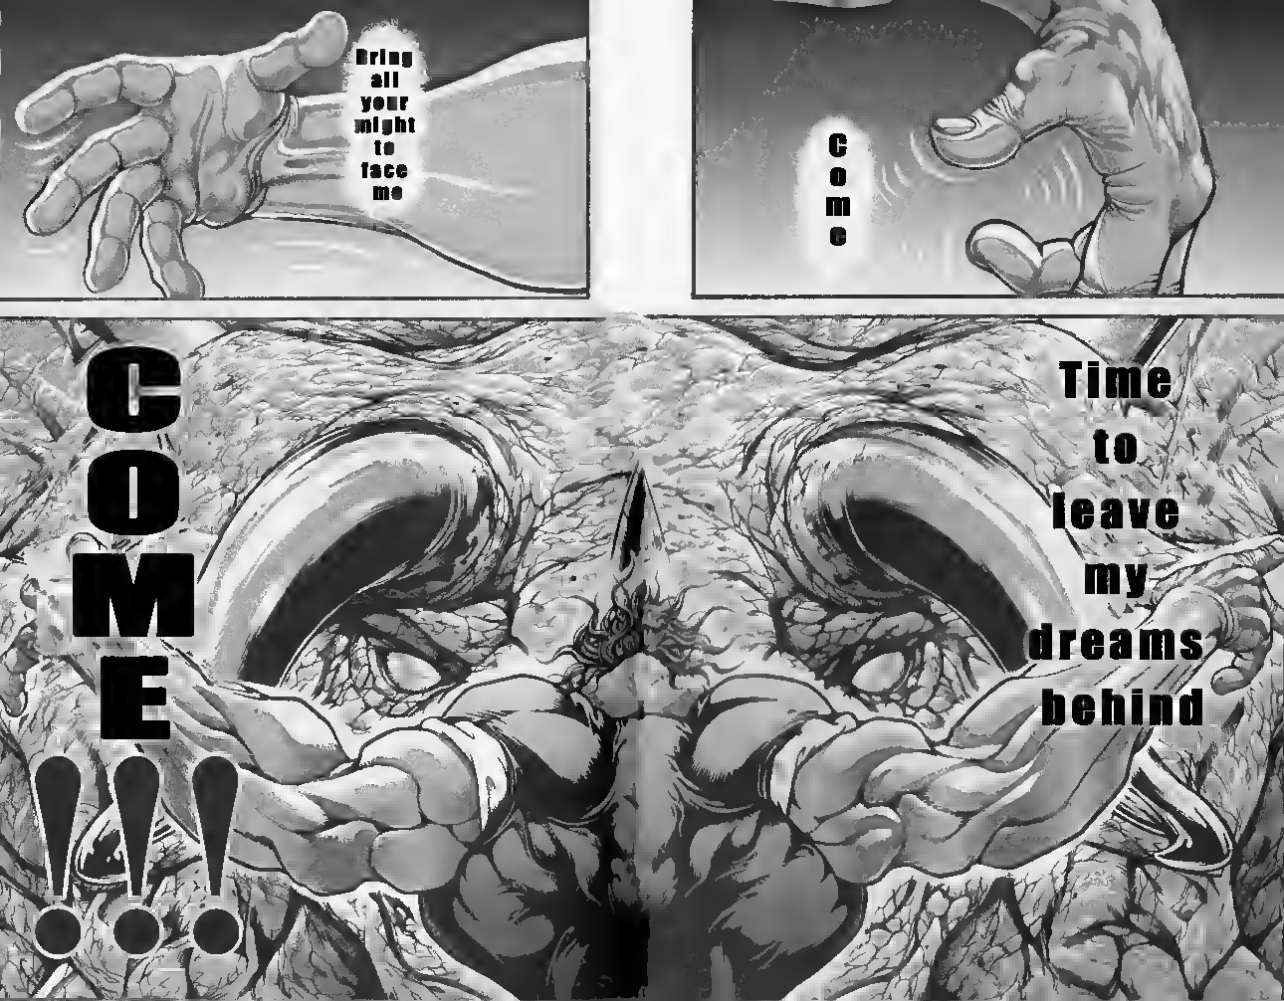
It looks real
look
Was to fully let me know
wow
Tall
6 feet? no ... 8
Big
That this is the start

With the eyes of your father who has unmatched insight
Right now
The boy made his imagination reality

To think that I could see this in front of me
This used to be nothing more than a fantasy

During my childhood I dreamt of their strength
But as you grow up
you are forced to wake up
And as an adult you still wonder about it
How strong they must have been

They are more than 5 or 6 times bigger than us
These monsters from the past
Most have been really strong !!?



Bring all your might to face me
come
COME!!!
Time to leave my dreams behind

Bring all your might to face me
Come
COME!!!
Time to leave my dreams behind

Future or past don't matter right now
LETS GO!
Triceratops attack!!!

Future or past don't matter right now
LETS GO!
Triceratops attack!!!

The Car!!?

Impossible
!!!

The weight behind your attack, far exceeded a 100 kilos
I'm impressed
And by simply pressing down your feet, you left the asphalt in that state

And on top of that
The sheer brute strength needed to push over the car

Coming from you who weighs about 70 kilos, it's nothing less than impressive

True
prehistoric
strength

Ha

Now ...

The concept behind your imagination based fighting
Is most certainly
A good step in the right direction
But dont you dare get ahead of yourself.

Facing the furiousness of a imaginary tiger
A battle to the death with a fictional bear
And your own original
with a giant praying mantis
A lethal fight
Triceratops attack
The current situation proves your no longer a boy

You will learn to know your place, together with your poor imitations of reality
That could breath fire and wanted to kill me
Even if you created the perfect image of "Godzilla"
it is still nothing more than a weak imitation

You sound as if you have something to show
Interesting ...
Do not miss it!!!

Ultimate Form
Image Based Fighting's
Did you say ... Image ...
based ???
What ???
You can do it too?!?
YOU ..

Everyone who was there
Watch out
Hey
!
Saw it with their own eyes
You ...
Hanma Yujiro's ultimate image based form
You brought "That" out !?!

THE ART OF THE FIGHTING

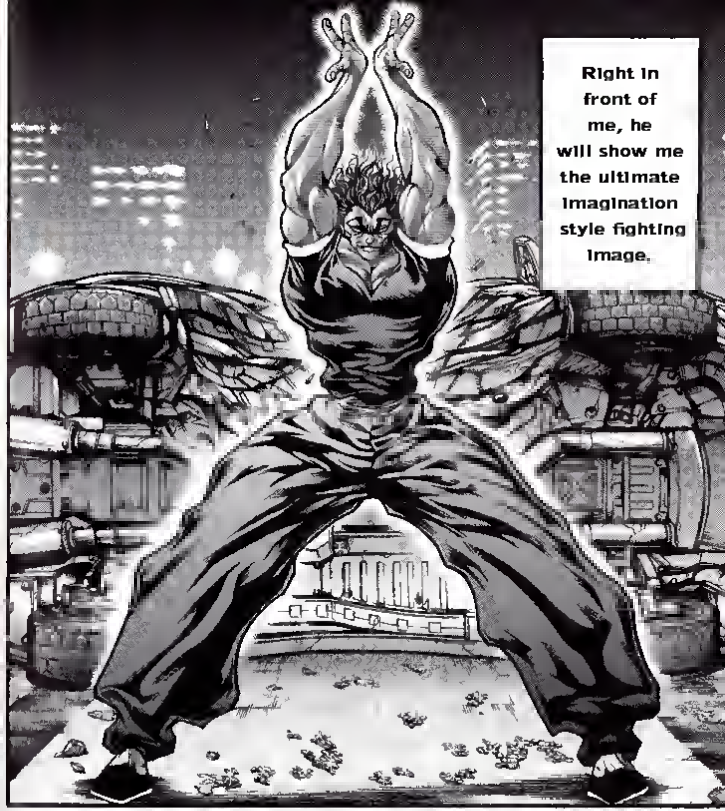
This brutal fact, has remained true for thousands of generations.
The weak are nothing but food for the strong.
That is the one rule in every fight.
And it will remain.

The entire world follows this rule
The strong stand above the weak.
There are perfect examples to be found.
The human race started to learn and adapt
With those examples as their guide

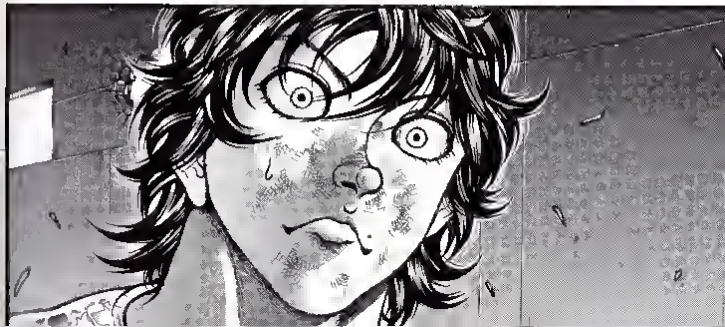
Learning from the strong
Learning from the strong
But only to the select few who were able and willing to learn
Passing on their skills to the next generation.

The future generations, will receive this knowledge.
Time's absolute answer
My father must be playing a game with me
Right here. Right now. He will show his imagination fighting style.

It
Is
coming



Right in front of me, he will show me the ultimate imagination style fighting image.



What will you imitate ...!?
What will it be based on ...?
Idiot
With this move I will make it clear
That your little images are nothing more than inadequate

Whaaaaa
?

No way ...

Wha ...?
!
Just now —
What the?
Watch out
aaaaah !!!
Huh !?
!?
!?

!
Hey
!?
What?
Huh

What
was
that?
watch
out!
Wha
...
What
the
...!?
Huh!?
Huh!?

Everyone who was there watching felt the wave go through them, and saw it with their own eyes.
Mizuhara Rika 27 years old Told her experience
Some time later the image was described by a office lady
When his fathers jacket was torn to shreds
Me and the staff were watching the fight, from our office.
I was in a nearby building, on the 4th floor.
You could hear the sound of several building windows almost breaking at the same time.
aahh !!!
Look out

But the real surprise wasnt the sound wave or the shock that followed
Of course I was surprised at the sound wave.
It was a light flash, after that it came
There was a flash.
I dont know if the flash, was what made it appear. Im not sure if I saw what I saw
But ...
What it was ...
Im not sure ...
.....

The image that I saw was not of this world
I could not believe my own eyes
The shock wave was followed by
The face of a smiling demon

Who saw the flash of light
Everyone present who felt the shock
Described the exact same thing
I get it ...

The perfect Image for you father
That was Indeed
What did we Just see...
What was that ??
That was close
The strong devour the weak. So you showed me the ultimate Image
The image of the strongest creature on earth

Of image based fighting
Style
Hanmayyiro

Im sorry ...
I dont really know what to call this image. So I cant give it a fancy name.
He brought out the Hanma blood image

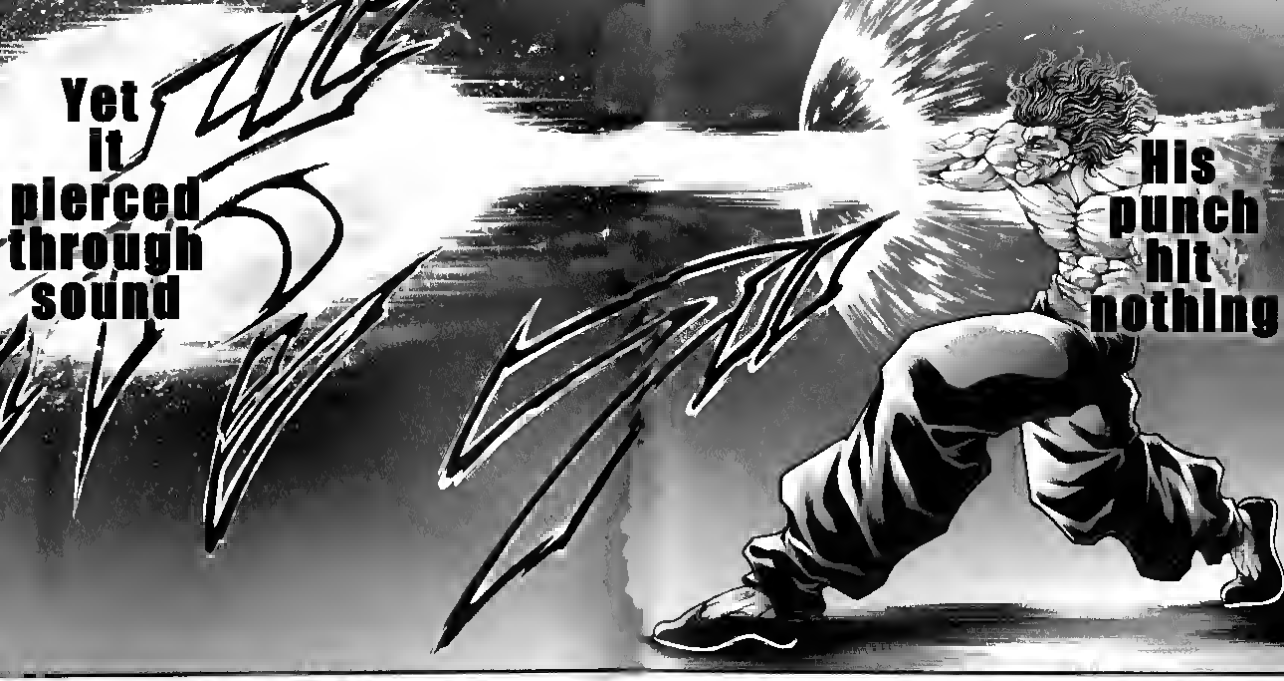
His extreme wind up



Yet it pierced through sound
His punch hit nothing

It hit me

Unseen pressure ripping apart the air

And I almost missed it
!

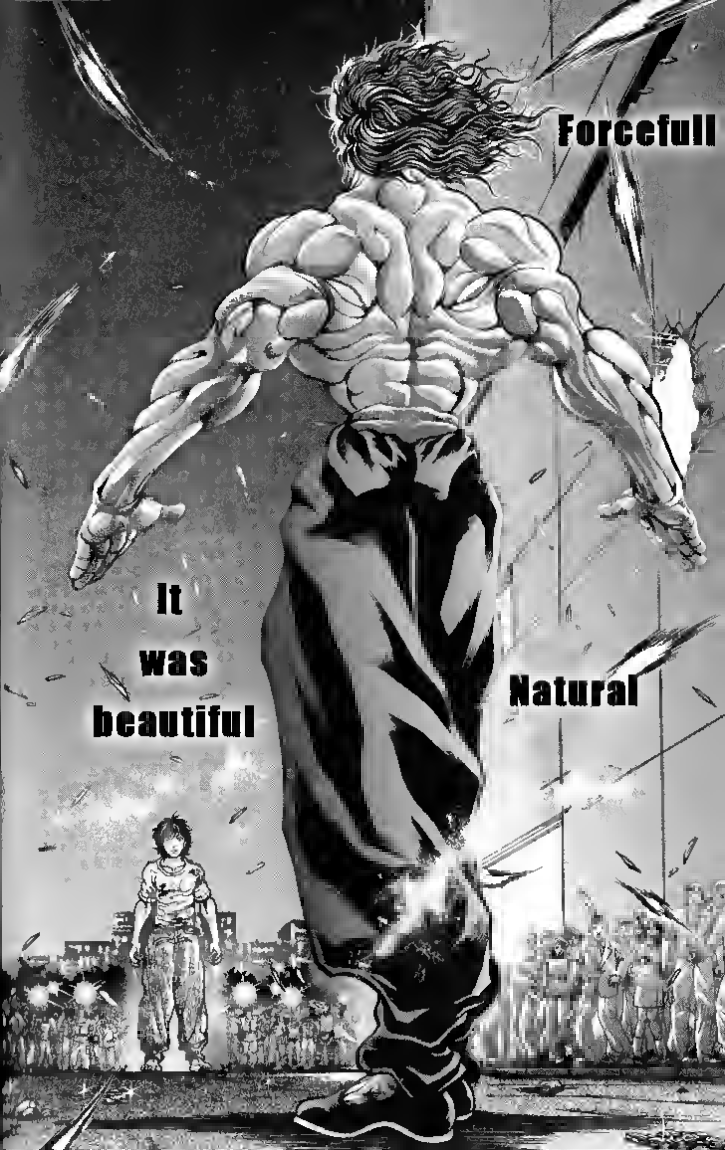
His turning kick
had a beautiful arc

the pressure could not be seen
Similar to the punch
Yet it ripped apart the air
What
!

The air being ripped apart
could be clearly seen
This no longer had anything
to do with a image

What he said
was no lie

The ultimate image
Yujiro's Fist



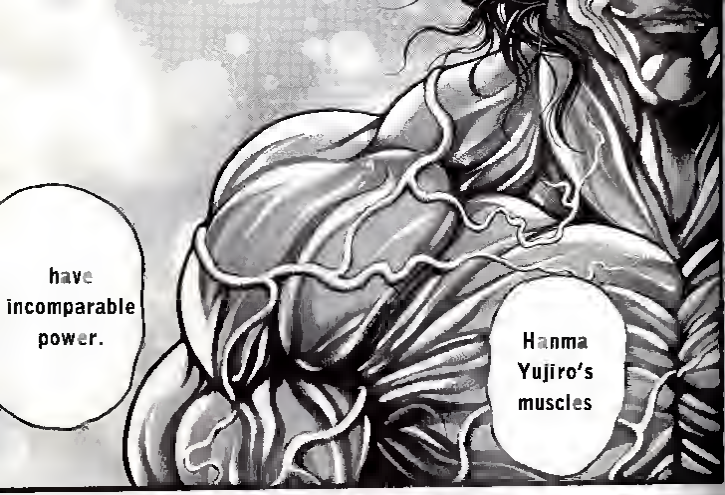
Forcefull
It
was
beautiful
Natural

True to his own image
And not only my style
He surpassed my imagination style
of the mantis his sickle
The imitated sharpness
Of a tigers claw
The imitated power
were topped by him
The imeges of all these beests
The imitated weight of a bears paw

Everyone looking
was mesmerized
Looking at the strongest man alive performing his super moves

And what beautiful moves they were

Well, how was it?
The image of Hanma Yujiro?
Well father ...
has incomparable strength
Hanma Yujiro's fist



T/N: Eikichi Yazawa is a famous japanese singer song writer

the image of Hanma Yujiro
Hanma Yujiro imitating
It was indeed the perfect image

Yes
But father ...
like the real thing.
The image I just saw, looked nothing
ooohh ...

What ??
It looked nothing like me?
Then what did it look like??
Not important
Let me just show you, how much of a impact it made on me
SO

To show what I learned during my fights
Now is the time for destiny
This

is what I wanted to show you

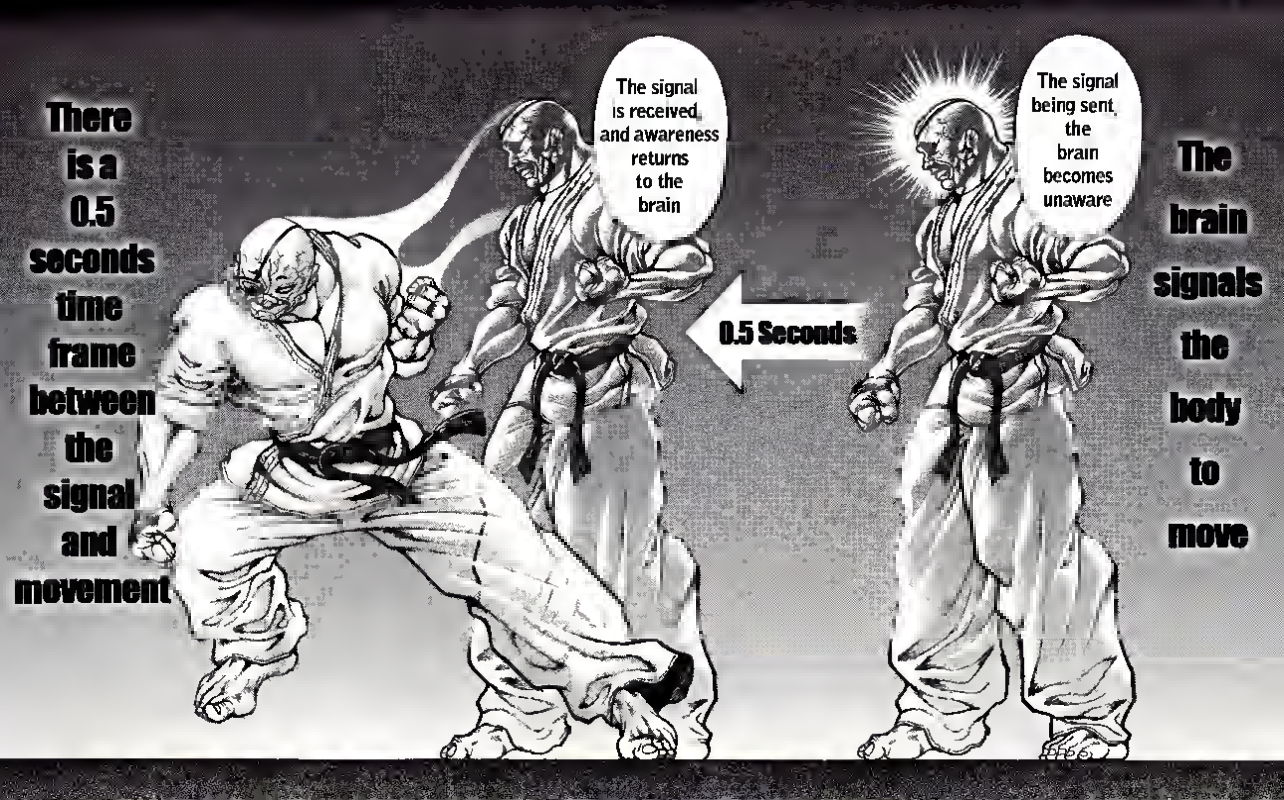
...
When was the last time, I was out ...?
What happened just now ??
What is ...
Out ...??
Wha ...

Did we miss something ?
Did he fall over ?
Did he stumble ?
What just happened ?

Could it be !?
Impo...
Two extremely skilled fighters
preparing to engage one another
Baki must have done it
During that interval
looking at the results

"Brain activity"
But ... to acchieve that, is almost unreal
A fighter has to prepare
his opening moves
But before "That" happens

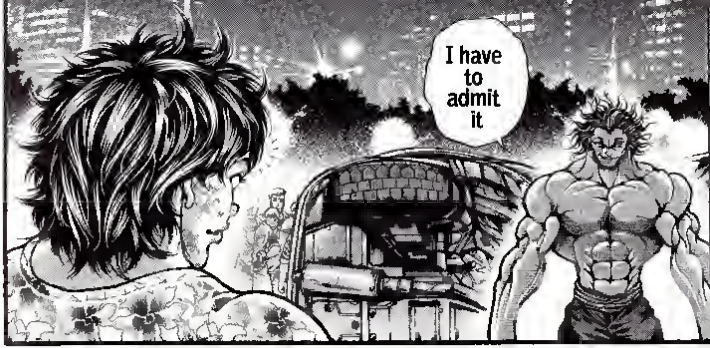


There is a 0.5 seconds time frame between the signal and movement
The signal is received and awareness returns to the brain
0.5 Seconds
The signal being sent, the brain becomes unaware
The brain signals the body to move

It takes 0.5 seconds for the body to respond
The brain emits a signal
A rule without exception
During that time, the person is basically unconscious
Reacting can also, not be changed

"reading" their current brain signals
Sword masters were able to sense their opponents awareness
Eventually you will reach the insight to see the "Brain activity"

Baki
...
What pushed you so far ...
At the age of 18 you're already on that level
What have you been going through
at such a young age !?



I have to admit it

You are indeed my son, Baki. And you are the best possible toy to play with

But still

Heh ...

You little bastard actually had the nerve to pull a sneak attack on me.
I'm sorry
for punching you
If you have indeed achieved the level of the old swordman
of course your perception will be equal to his.

"The User Illusion: Cutting Consciousness Down to Size"
Tor Norretranders wrote a book called
In the book he wrote: "there is a 0.5 seconds time frame, before your body is triggered"
Consciousness comes back after those 0.5 seconds
Mr. Olivia already informed me about theory behind it
Wasn't it a decent move?

You were actually able to extend your hand and punch me within that 0.5 second time frame
While my body was still awaiting its trigger

Huh ...
Well done
Come here Baki
And I will pat you

What ...
Huh...
What the hell are you saying ...??
Don't be ridiculous
What is going on ???
Dont hold back
COME
DON'T MESS AROUND WITH ME !!!
This is it !!?

Of course I am going to praise the accomplishments of my son
You ...
What is this
What ...
Receiving praise for his accomplishments
Te ... ars ...
Baki's unexpected reaction !!?

Huh ...
What is he saying ...??
Eh ...
I don't ...
what did he say ...?
Just now
ﾋﾞﾝﾋﾞﾝ
ﾋﾞﾝﾋﾞﾝ
he said ...
There is no doubt about it
I will pat you
Come here

And above all else his hand
He will pat me
that is a stroking form
there is no mistaking it
COME
what is taking so long?

What are you talking about ...
wha ...
GULP
Isn't it obvious, you are being praised
Don't mess around with me
Do not hold back — come
Ridi-culous ...

Is it so weird for a father to be proud of the good work of his son?
So what is the problem!?
?
What ...
is this feeling ...

About 15 cm from his collar bone in the center of his chest
A certain "pain" suddenly erupted inside of him
He was always able to control this "pain"

This enemy this pain ... He lost control over it
I can't bare to watch this ...
This is too sad —

he has been given praise by his father
After 18 years for the first time in his life

Feeling lucky
...
Fulfillment
...
Inspired
...
The feelings a child experiences after being praised by his father
But these feelings were too unfamiliar to him
A child is of course free to feel all of these feelings
Hm
...
This is not funny father
...

I am supposed to just come and let you pat me ...
What is with this nonsense ...
Why should that be a problem ?
What ...
This ...
this is too much ...

The father's fist used to be clenched so tight
As if he is trying to touch something precious
But now his hand seems so soft
Could this be a trap to make me drop my defenses
"This should be enough"
"Nothing else matters"

To feel the sensation
of being patted by his palm

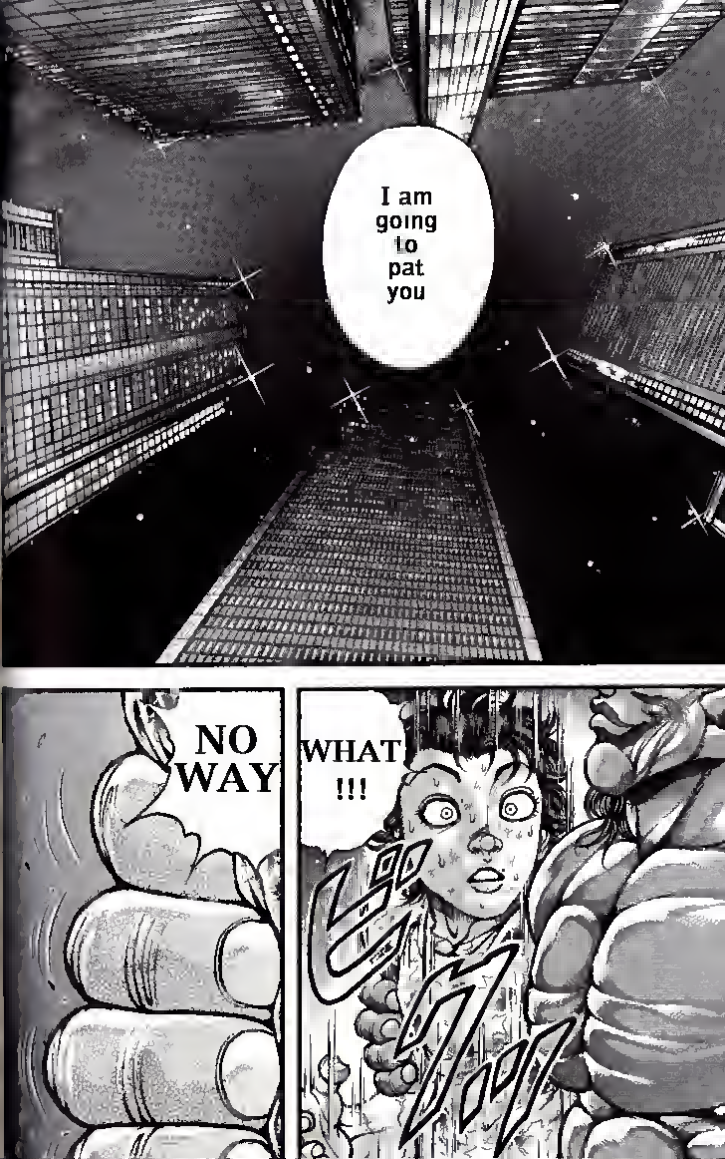
What now ...
...
would you ...
Stop it
This whole good guy act
We are not here for that

We are here to find out which one of us will win this fight
To finally find out, which one of us is stronger
nice ...
Well said

This is indeed a good opportunity
For us to test the essence of our strength
and compare the nature of our blood
essence ...
nature ...
!

you failed to notice it
and were too late to trigger your brains awareness
Unable to move an inch
held tight by a vice like grip

Lets put my strength to good use
. . . . . .
Now then ...
HUH !!?
WHAT !!?
now you can no longer run away
You kept denying my gesture
メキ
It's really pretty simple



I am going to pat you
NO WAY
WHAT !!!

LET ME GOOOOOO
Unable to overcome absolute Strength
And accept this with a smile
come

Trying to stop the pain from resurfacing he fights with all power
Would you stop acting like such a spoiled brat
The things that were said without saying a word
reached the core of a child that couldn't muster enough strength to hold back his pain
